**HEALTH CARE**

- **Students coming from EU countries** can benefit from medical assistance in Italy thanks to the **European Health Insurance Card (EHIC, in Italian “TEAM”)** issued by the competent health institution in your country of residence.
- The EHIC gives you access to the National Health Service for “urgently needed medical treatments” during temporary stay.
- You can voluntarily register in the National Health Service. The voluntary registration entitles you to benefit the Italian healthcare services like Italian citizens do; it is **valid for one calendar year** (from 1st January to 31st December); the payment is not divisible and you cannot apply retroactively.

**<https://www.unipd.it/en/healthcare-EU>**

**Non-European students** must hold a valid medical insurance in order to apply for their residence permit. The medical insurance can be obtained through :

- private insurance
- voluntary registration in the **National Health Service**
- **EHIC**- only for students residing in a EU country

For further information please read the Guide to Health services released by the Veneto Region, which is available online in multiple languages:

Studying and living abroad can be difficult sometimes, that is why the University of Padua decided to offer its students a psychological assistance service that provides free counselling sessions in an individual or group setting.

The service **does not provide immediate emergency assistance or pharmacological support** but helps students along their academic and non-academic path by defining their psychological needs and supporting them through the issues that they may face in their **everyday life**.

International students can refer to [psychological.assistance.scup@unipd.it](mailto:psychological.assistance.scup@unipd.it) to ask for information or an appointment
