GENERAL INFORMATION

The Erasmus+ for studies Programme allows students to spend a study period abroad at a partner higher education institution that has signed an 'inter-institutional agreement' with the University of Padova. At the end of the mobility all the successfully completed activities will be recognised.

Duration of the activity: The same student may participate in mobility periods up to 12 months maximum per each study cycle (Bachelor, Master and Doctoral level), independently of the number and type of mobility activities (E+ for studies and E+ for traineeship). Zero-grant mobility periods are considered as well. In single-cycle degree courses, such as Medicine, students can be mobile for up to 24 months.

Study period Erasmus+ for studies: a consecutive mobility period, from a minimum duration of 3 months (90 days) up to 12 months, between 1st July 2018 and 30th September 2019.

Eligible Activities: attend courses (language course included), seminars, take exams, work on the thesis project, a complementary traineeship period and carried out under the supervision of the host Institution. Traineeship cannot be the only activity in a mobility period for Studies.
