¹ Self-presentation by students: Hometown, any hobbies/interests; What kind of Vet would like to be? Biggest challenge as a student: Total 2-3 min per student. What do you know about food safety and animal welfare?

*Example of Student Activity supervised by facilitator.

1) Case study discussion.

2) Dividing the class in breakout groups. Each team member: write a brief description of one idea related to the topic of the day on a sticky note (using padlet); each team member will then have few minutes to develop their idea. Report your top ideas back to the class. What is a topic you're interested in? Why is it important?
